

56 Gertrude St, Stawell

On The Edge and Living Large

The block is big and the home is spacious, this is your chance to spread your wings inside and out with great living spaces, big bedrooms, outdoor areas and shedding.

Headlining the description are the generous gas heated lounge with lovely stained glass windows and the really useful separate family room with air conditioning and economical combustion heating. The kitchen and meals area has retained the lovely old combustion range alongside the gas stove, a multi-purpose space adjoining the kitchen could be used as a dining room or central study/office. Evaporative air conditioning cools the home in summer and a centrally located reverse cycle split system a/c provides year round heating and cooling.

All three bedrooms are doubles with overhead fans and a built-in robe in the main, there are two toilets and the tiled bathroom includes a spa bath, separate shower recess, tastic and vanity.

Opening off the family room is a large outdoor entertaining deck and the surrounding established irrigated gardens on the private 1800 square metre block are stunning in spring.

A nine and a half by six and a half metre workshop/garage has power and floor plus a carport, caravan port front verandah, garden shed, three rainwater tanks and a gazebo.
